

# INFORMATION BULLETIN

## WORKFORCE INVESTMENT ACT

Number: WIAB04-91

Date: April 22, 2005

Expiration Date: 6/30/06

69:RC:das:9158

TO: WORKFORCE DEVELOPMENT COMMUNITY

SUBJECT: WORK-RELATED RESOURCES FOR PEOPLE WITH DISABILITIES—  
BROCHURES

This information bulletin is to announce that the California Governor's Committee on Employment of People with Disabilities and the Employment Development Department are partnering with the California Health Incentives Improvement Project (CHIIP) to provide brochures relating to work incentive programs and services that are available for job seekers and workers with disabilities in the Workforce Development Community.

The CHIIP is a multi-agency collaborative effort working to remove barriers to the gainful employment of people with disabilities, particularly health care and personal assistance service barriers. The CHIIP was created in 2002, and is funded by the Medicaid Infrastructure Grant from the Centers for Medicare and Medicaid Services, a federal agency within the U.S. Department of Health and Human Services.

Current brochures offered from the CHIIP include information on:

1. The Medi-Cal Working Disabled Program
2. Work Incentives and services for adults with disabilities
3. Work Incentives and services targeted to transition-age youth and their families

Draft brochures were circulated and the comments received indicate they are useful resources for career counselors, human resource professionals, job service providers, and teachers, in addition to individuals with disabilities and their families.

The publication order form and brochures can be downloaded from the CHIIP Web site at [www.chiip.org/publications.html](http://www.chiip.org/publications.html). Each brochure is available in six different languages.

If you have any questions regarding this information bulletin, please contact Regina Cademarti with the CHIIP, at (916) 654-2561.
